How to Check Holds

Please excuse us as we transition into a new campus system scheduled to launch in Fall 2013!

You can check to see if you have any holds by logging into your blackboard site and click on the ‘Secure Apps’ tab. Once on that page, click on the link titled ‘Registration stops/warnings’. Select the term and year you are trying to register for.

When you click on Fall 2013 it will show up on the right side of the screen and look like this:

This is how you will know what kind of hold it is. You can also click on the “details” link that will give you more information about the hold.

If you have no holds, the registration holds box will have a statement in it: No holds.
